**Inspire the change you want to see  
for children and young people with  
experience of care**

Fellow Callum Lynch researched ways to give a voice to young people with experience of care

Have you ever wanted to make change happen in an issue you care passionately about? Explore new solutions with the world's leading professionals? A Churchill Fellowship is a once-in-a-lifetime opportunity to lead the change you want to see.

We will fund you to spend up to two months learning from the innovators in your field anywhere in the world, in person or online. Then we will help you to share your ideas and inspire change across the UK.

In September 2023 we will open for applications for Fellowships that aim to improve the lives and outcomes of **Children and young people with experience of care**. This includes children in care, those on the edge of care, adoptees and care-leavers. We also welcome applications that aim to increase support for care-givers and for families affected by care concerns. We are open to anyone who has contact with young people in care, in any context, and to those who are care-experienced themselves.
