Inspire the change you want to see for education in schools

Fellow Janet Williamson explored alternative ways of measuring pupils' progress

Have you ever wanted to make change happen in an issue you care passionately about? Explore new solutions with the world's leading professionals? A Churchill Fellowship is a once-in-a-lifetime opportunity to lead the change you want to see.

We will fund you to spend up to two months learning from the innovators in your field anywhere in the world, in person or online. Then we will help you to share your ideas and inspire change across the UK.

In September 2023 we will open for applications for Fellowships in our theme **Education in schools**. We will be seeking applications on any topic related to improving or transforming how children and young people learn in schools. We particularly welcome projects that help children to enjoy good mental health, or projects that address the widening attainment gap affecting disadvantaged pupils (especially in STEM subjects).
