cover any aspect  
of UK society,  
see our website  
for other themes

The Churchill  
Fellowship is the op-  
erating name of the  
Winston Churchill  
Memorial Trust, reg  
charity no 313952

Inspire the change you want to see  
to protect the environment and  
minimise climate change

Fellow Claire Gwinnett explored best practice in microplastics pollution analysis and removal

Have you ever wanted to make change happen in an issue you care passionately about? Explore new solutions with the world's leading professionals? A Churchill Fellowship is a once-in-a-lifetime opportunity to lead the change you want to see.

We will fund you to spend up to two months learning from the innovators in your field anywhere in the world, in person or online. Then we will help you to share your ideas and inspire change across the UK.

In September 2022 we will open for applications for Fellowships in two new themes:

- **Caring for our natural environment:** for projects that aim to protect, restore and enhance our natural environment.
- **Climate change:** for projects that help the UK to minimise climate change and adapt to its effects.
